RE: Complying with Regulatory Requirements During the 2019 Novel Coronavirus Public Health Emergency

DATE: April 24, 2020

I. Purpose

As you are aware, South Carolina and most other states are in a State of Emergency related to the 2019 Novel Coronavirus (COVID-19). As a part of the South Carolina Department of Insurance's response to this pandemic, this bulletin advises all company licensees of the changes to compliance deadlines for certain regulatory requirements during the COVID-19 public health emergency. This flexibility is being provided, in part, to recognize that we and other states anticipate using additional targeted information requests to gather more specific information related to this public health emergency. Your prompt attention to those matters is appreciated.

II. Regulatory Filing Deadlines

At this time, insurers and HMOs are still required to make all required electronic filings with the NAIC (e.g., quarterly financial statements, audited financial reports) or to the analyst assigned to your company for those filings that are not filed directly with the NAIC. However, the Department is allowing insurers additional time to complete and submit certain filings as set forth below. To receive the additional time, all insurers must submit a notification for late filing for your company. The Department reserves the right to require an earlier filing based upon the financial condition and unique circumstances deemed applicable to that company.

If your company can meet the current filing deadlines as required by law or by order, especially audited financial reports for those with upcoming examinations, you are encouraged to do so. Any extensions on company-specific deadlines not listed below (e.g., captives with alternate fiscal year-ends) require an extension request and prior approval. Please submit an electronic copy of your notification of intent to file specific filing(s) by the deadlines listed below or send an extension request to fnclmail@doi.sc.gov or captivemail@doi.sc.gov, as applicable. Effective immediately, the due dates for regulatory filings are extended as described below.

III. Electronic Filings and Signatures

The Department recognizes that many licensees are working remotely. Some have asked about the use of electronic signatures on filings submitted to this agency. The Department will accept an electronic signature on the jurat or other pages in lieu of a wet ink signature provided the party submitting the document or other filing has complied with the requirements of the South Carolina

Uniform Electronic Signatures Act (SCUETA). Most jurat pages are required to be notarized. Under SCUETA, a law requiring a signature or record to be notarized, acknowledged, verified, or made under oath is satisfied if the electronic signature of the person authorized to perform those acts, together with all other information required to be included by other applicable law, is attached to or logically associated with the signature or record.

Regarding these filing requirements, the Department will accept and encourages companies to only file electronic copies of filings during this State of Emergency. Companies are expected to keep the original filing and a list of all filings that were made electronically in lieu of hard copy filings. Once the State of Emergency has been lifted, companies will have 60 days to submit hard copies.

IV. On-site Examinations

Some insurers have inquired about the Department's examination schedule and whether the Department will continue to conduct on-site examinations during the COVID-19 pandemic. The Department can perform full-scope examinations electronically and intends to fully comply with any government directives regarding public gatherings. It will not conduct any on-site examination work that is contrary to the spirit of any public health directive. To facilitate this, insurers should be aware that the Department may need to request more information in electronic form, and it is expected that independent auditors will take a similar position. Insurers currently scheduled for an upcoming examination are encouraged to proactively file the audited financial report and not wait until the extended deadline.

V. Questions

Questions about this bulletin or the extensions described above should be directed to the attention of Michael Shull at mshull@doi.sc.gov or 803-737-6188.
